

ANOVA

SOFTWARE RELEASE — CUSTOMER COMMUNICATION

DATE: JUNE 2026

Platform: Unify

New feature: Global Search

Launched: June 2, 2026

Global Search

Unify includes a sitewide Global Search that lets you quickly find records across the platform without navigating between screens or applying manual filters.

How it works

Type in the search bar. After 3 characters are entered, filter options appear and results populate below. Narrow your results by applying one or more filters, or keep typing to refine further.

Available filters

- Device
- Tank
- Meter
- Customer
- District
- Sub-District
- Region
- Distributor
- Warehouse
- User

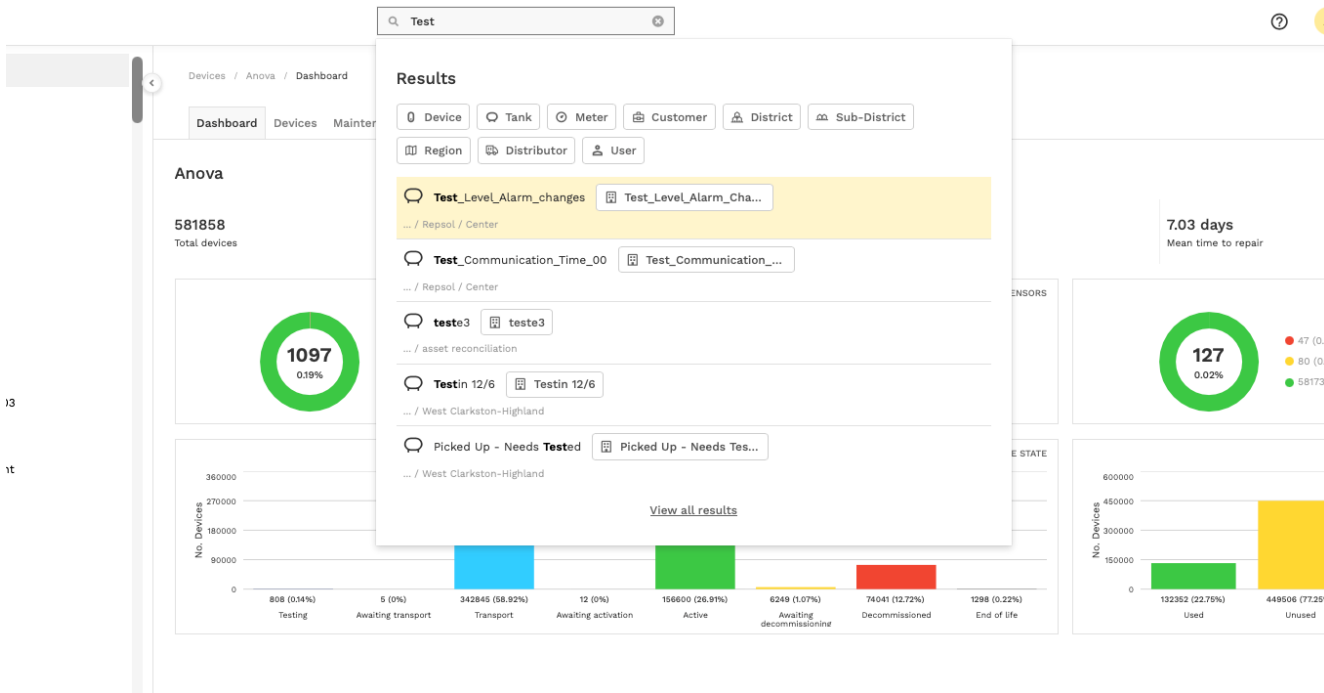

Note: Available filters vary by user role, permissions, and tenant configuration. Not all filters will be visible to every user.

ANOVA

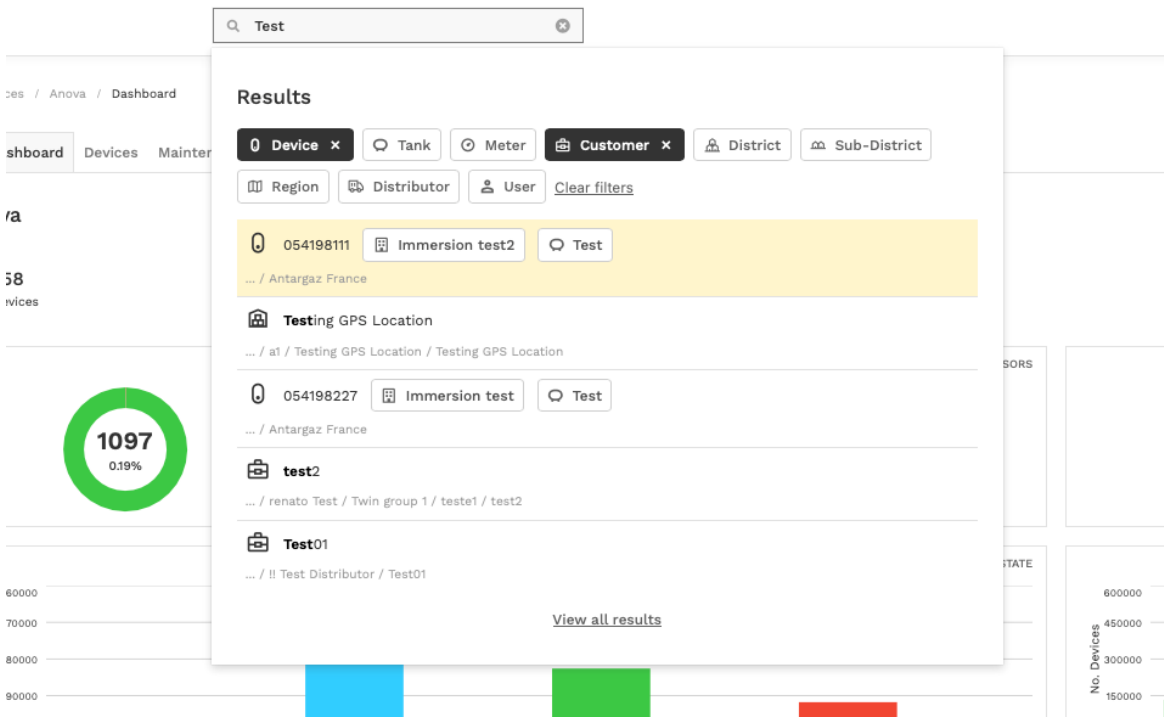

Examples:

Search criteria = Test

Initial result list shows:

Results showing filters applied using the same search criteria:
